Project SYNCERE is excited to partner with XS Tennis to create an exciting athletic and academic summer experience.

OUR MISSION

Project SYNCERE's mission is to increase the number of minority, female, and under-served students pursuing careers in the fields of science, technology, engineering, and mathematics (STEM). Our goal is to increase awareness, stimulate interest, and provide hands-on learning experiences to prepare students for rewarding STEM careers that pay in terms of salary, prestige, and challenge.

HISTORY

Project SYNCERE was founded in 2009 and has since been able to serve more than 6,000 youth throughout Chicago. Due to our variety of in-school and out-of-school programming options, Project SYNCERE has been able to establish itself as a leader within the STEM community. Through the implementation of our innovative curriculum and passion for inspiring the youth, our programs have become a staple in more than 30 CPS schools and a catalyst for changing the way STEM is viewed and taught throughout Chicago.

OUR PROGRAM

Project SYNCERE provides a curriculum for students in grades 1-12 school that integrates STEM through the use of project-based learning. The program provides activities, workshops, and courses that help students discover first-hand how technology and engineering relate to the "real" world. These activities promote and build students' leadership, teamwork, presentation, analytical and critical thinking skills.

EDUCATION

Young scholars are provided with a challenging curriculum that engages them in STEM-based activities that stimulate their interest in the fields. Our curriculum makes math and science relevant to students through group activities and the use of modern technology. Some of the courses offered include: Solar Powered and Fuel Cell Car Design, Bridge Design, Rocket Design, Mousetrap Car Design, and Robotics.

MENTORSHIP: Our program provides students a chance to work with and learn from teachers and professionals that have worked within the STEM fields. Project SYNCERE instructors serve as role-models to the students, demonstrating that careers in the STEM fields can lead to success.

PERSONAL GROWTH: Through interaction with other students and a healthy learning environment, students have shown significant improvement in self-esteem and confidence. We provide students with essential tools, which not only aide them in their primary school studies, but also prepare them for college and the real world.

SCHOLASTIC: Project SYNCERE's curriculum has translated into improved grades and test scores for students in the areas of math and science. Our curriculum has proved time and time again that students are retaining the information, and that they are applying it to other areas of scholastic learning.

TECHNOLOGY: Project SYNCERE integrates the use of modern technology into our curriculum to make learning relevant and exciting for students. Our students are exposed and trained on the most up-to-date computer software and hardware during our STEM programs. Access to modern technology makes students more competitive in the global market and provides them with greater opportunities for future success.

Guidance & Discipline Policy

At XS Tennis Summer Camp, we believe in guidance and discipline, and prohibit punishment. Guidance and discipline are positive ways to help a child develop self-control and confidence handling their needs in a socially acceptable way. We encourage children to develop skills to manage their own behavior.

Guidance & Discipline Techniques Used by Our Staff:

- Offer stimulating, organized, well-equipped, and well-designed activities to avoid problems.
- Set rules and expectations with the children at the beginning of camp.
- Set clear limits and be consistent.
- Redirect children whenever possible.
- Include the children in the problem solving process.
- Model socially acceptable behavior and manners along with positive reinforcement and acknowledgement of good behavior.
- Remove the child from the area, discuss the improper behavior, what a better choice would be for next time, and allow the child to return to the activity when he/she feels they can manage their behavior appropriately.
- If a child hurts another child, the staff member will attend to the injured child immediately. The child that did the injuring will be asked to stay with the staff member. When the injured child is ready to return to the activity, the staff member will investigate the situation.

If the XS Tennis staff members see a continuing pattern of misbehavior, the following steps will be initiated:

- Phone call from the camp director informing the parents of the concerning behavior observed.
- Implementation of corrective behavior plan and goal setting.
- Reinforcement of positive behavior.

Prohibited Guidance and Discipline Techniques:

- Any form of corporal punishment.
- Ridiculing a child or the child's family.
- Blaming, teasing, insulting, name-calling, or threatening the child with punishment.
- Withholding food, affection, or positive attention.

Parent's Role in the Guidance Process:

- Share any relevant information with XS Tennis Staff members to help understand any underlying issues. Be open when the staff gives notification of a concern or if a continuing pattern of misbehavior is observed.
- Follow through on any recommendations made by the staff.
- Work as a team with the staff so everyone can be consistent in expectations and help the child understand what behavior is acceptable and not acceptable.

Child's Role in Guidance Process:

- The children will be involved in learning the rules and expectations of summer camp.
- The child will have a reasonable opportunity to resolve their own conflict before a staff member steps in.
- Make an effort to change any unacceptable behavior.
- If the child has hurt another child, the child will be asked what he/she can do to make the child feel better and what different decision should have been made.

XS Tennis has established a Zero Tolerance Policy on bullying. If a student is involved in a fight or bullying, the result is immediate dismissal from XS Tennis Summer Camp.

No student shall be subjected to bullying:

- During any XS Tennis sponsored program or activity.
- While on our property, in our programs or activities

XS Tennis defines bullying as any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing the student(s) in reasonable fear of harm to their person or property.
- Causing a substantially detrimental effect on their physical or emotional health.
- Substantially interfering with their program performance.
- Substantially interfering with their ability to participate in or benefit from the services, activities, or privileges provided by XS Tennis

Discharge:

After attempts have been made to meet the individual needs of the child, any child that has demonstrated inability to benefit from the type of care offered XS Tennis Summer Camp, or whose presence is detrimental to the group, shall be discharged from the program.

I have read and agree to the discipline and bullying policy set forth by XS Tennis.
